RESEARCH/CONSULTATION PROJECTS

Centers for Disease Control and Prevention, Atlanta, GA

Native Specimens Project (2014-2016)

Researched and drafted white paper on international specimen policy to advance agency’s efforts to develop protocols for ethical management of American Indian/Alaska Native (AI/AN) specimens; analyzed transcripts and summarized findings from listening sessions convened in AI/AN communities as part of agency’s community engagement activities

James E. Rogers College of Law, Tucson, Arizona

Precision Medicine Initiative (PMI) (2017 – 2018)

Surveyed distribution of tribal IRBs and researched scholarly literature on issues related to human subjects review in AI/AN communities in response to request from *All of Us Research Program* at University of Arizona College of Medicine (Tucson, AZ); conducted literature review on ethical issues implicated in *All of Us Research Program*

Native Nations Institute, Udall Center for Studies in Public Policy, Tucson, AZ

Indigenous Data Governance (2018-current)

Collating, reviewing, and analyzing tribal research codes as part of larger project to create a set of resources for Indigenous data governance in collaboration with colleagues at the Native Nations Institute, University of Washington, University of Waikato in Aotearoa/New Zealand, University of British Columbia, Canada and others; researching academic literature and disseminating findings on data governance through scholarly publications
