Race and Ethnicity in the United States: 2010 Census and 2020 Census

Pick a topic. →

Race by Ethnicity

Hispanic Origin

Select a question:

What percentage was each group in 2020?

How has each group changed since 2010?

What are facts for my state or county?

To view specific groups: (1) Use the first drop-down filter to select a race group, (2) Use the second drop-down filter to select Total Population, Hispanic or Latino, or Not Hispanic or Latino, and (3) Hover over the map to view statistics for each state. The list on the left shows states (or state equivalents) ranked by the percentage for the selected group out of the total population, Hispanic or Latino population, or not Hispanic or Latino population. Use the filter on the right of the map to view county-level statistics for your state.

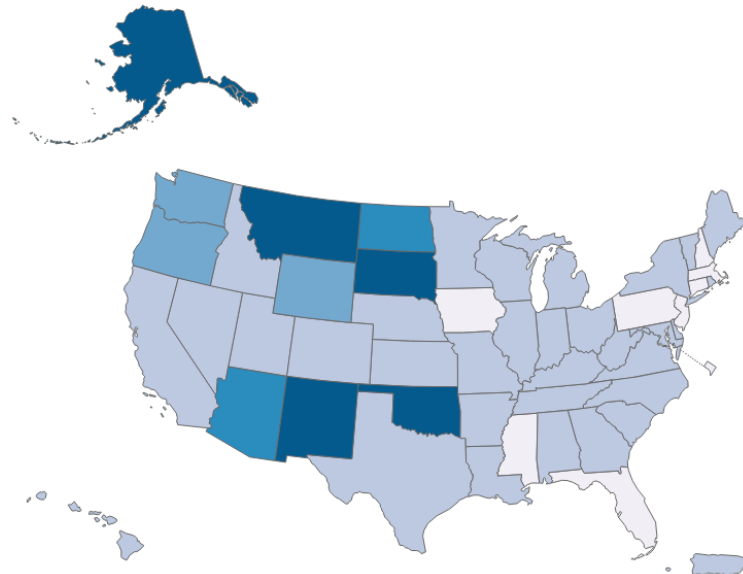

Group: American Indian and Alaska Native alone or in combination Total Population

U.S. States

Alaska	21.9%

"To provide accessible holistic patient centered care, to empower our community to achieve the highest quality health and well-being."

VISION Healthy People in Healthy Communities

What are Social Determinants of Health (SDOH)?

The social determinants of health are the conditions in which people are born, grow, live, work and age. These circumstances are shaped by the distribution of money, power and resources at global, national and local levels.

Primary Medical Care

- Well men, women and child exams
- Prenatal care – Central Location
- Pediatric Care
- Immunizations and flu shots
- Chronic care management (diabetes, hypertension, etc.)
- Integrated Behavioral Health Consultant-
Central location

Dental Central & NHW

- Central and NHW locations
- 10 dental chairs
- Appointments and same day emergency walk-in
- Preventive and restorative care
- Free transportation within 15-mile radius
- Discount program
- AHCCCS accepted for adults & children
- Contract with Pascua Yaqui Tribe
- Fluoride varnish at outreach events

Behavioral Health

- Contract provider for ACC plans including American Indian Health Program and the Tribal Regional Behavioral Health Authority.
- Mental Health Services – individual, family/child counseling
- Psychiatry & Tele-Psych Services
- Recovery Services – Adult Intensive Outpatient, Standard Outpatient Program
- Youth Substance Abuse
- Domestic Violence Offender Treatment Program (M & F groups)
- Public Health Nurse Case Management Program

Community Health and Wellness

- WIC
- Health Start
- Home Visiting
- Wellness Warriors
- Traditional & Community Gardens
- Diabetes Program
- ALTCS
- Fluoride Varnish
- Youth Resiliency
- Tribal Practices

Challenges & Success

Challenges:

The high need. Lots of ground to cover.

Indian Health Services overall continues to be underfunded.

Success:

Virtual format allowed for increased participation and interest in cultural activities!

Increase interest in generational activities!

Cultural activities/universal approach/tribal specific!

Community Collaborations

Medical Outreach

Dental outreach in Guadalupe

Recommendations

- Increase funding for Indian Health Services

Encourage projects to promote American Indian/Alaskan Native culture in every aspect of their services.

- Fund projects that encourage collaboration between tribal communities and urban communities and allow for technology advancements to increase cultural interventions to continue to be used to engage more AI/AN
- Decrease barriers to care and encourage allowable billing to continue for telephonic/telehealth to assist tribal members and decrease barriers to medical, behavioral health and dental care and community prevention programs for AI/AN.
- Allow for prevention services that include culture to be billable or reimbursable to I.H.S Medicaid/Medicare so cultural interventions related to public health for AI/AK will be sustainable.

Thank you!
